

THE DEPARTMENT OF CHEMISTRY AT  
TEXAS A&M UNIVERSITY -  
COMMERCE INVITES  
APPLICATIONS FOR OUR M.S. IN  
CHEMISTRY  
GRADUATE PROGRAM

Texas A&M University-Commerce has three Master's Programs

## Master of Science in Chemistry - Option I Thesis

34 hours

*The program requires completion of ten courses (30 semester hours) as noted below. In addition, students are required to enroll in CHEM 501 Graduate Seminar for four semesters they are in residence completing degree requirements.*

The Department of Chemistry offers the opportunity to do M.S. research in one of 7 faculty research laboratories with ongoing research projects in catalysis, biofuels, bio/organic chemistry, bioanalytical chemistry and inorganic chemistry. For more information, see our departmental website [www.tamuc.edu/chemistry](http://www.tamuc.edu/chemistry).

## Master of Science in Chemistry - Option II Non-Thesis

*Choose one of three Professional Tracks - (36 semester hours)*

### Track I: Professional Chemistry Track

*Concentration in Analytical Chemistry, Biochemistry, Inorganic Chemistry, Organic Chemistry or Physical Chemistry*

### Track II: Professional Chemical Business Track

*The curriculum of the Professional Chemical Business track is similar to the curriculum of the Professional Chemistry track. However, two courses (6 SCH) from the College of Business will be used to replace two core courses listed in the core curriculum of the Professional Chemistry track and two (6 SCH) more replacing electives. The courses need to be approved by the Department Head before they are taken.*

### Track III: Professional Chemical Education Track

*The curriculum of the Professional Chemical Education track is similar to the curriculum of the Professional Chemistry track. Two courses (6 SCH) from the College of Education can be used to replace two core courses listed in the core curriculum of the Professional Chemistry track and two (6 SCH) more replacing electives. The courses need to be approved by the Department Head before they are taken.*

Graduates of the program usually find employment in industry or are accepted at Ph.D. programs in Chemistry. The Department of Chemistry offers a limited number of graduate assistantships to applicants depending on their academic qualifications. If interested, contact Dr. Laurence Angel, Graduate Advisor, at [Laurence.Angel@tamuc.edu](mailto:Laurence.Angel@tamuc.edu). Apply with ApplyTexas ([https://www.applytexas.org/adappc/gen/c\\_start.WBX](https://www.applytexas.org/adappc/gen/c_start.WBX)) or request more admission information at our Chemistry Department website [www.tamuc.edu/chemistry](http://www.tamuc.edu/chemistry). See our Faculty/Staff page for more contacts in the Chemistry department.
